SUBJECT: HOME-SCHOOLING

New York State Law provides parents/guardians the right to educate their child(ren) at home; however, it is the responsibility of the Board of Education to ensure that no child is deprived of an adequate educational program.

The School District will attempt to cooperate with parents who wish to provide home-schooling for their children. The child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic, and sequential manner, specifically in relation to the required courses as enumerated in Commissioner's Regulation Section 100.10.

Primary responsibility for determining compliance with Commissioner's Regulations addressing home schooling rests with the Superintendent of Schools of the school district in which a home-schooled student resides.

When parents/guardians choose to instruct their children at home, the Superintendent or his/her designee will determine the competency of instruction by analyzing the instructional program to see if it is substantially equivalent to that provided by the Rockville Centre Union Free School District.

Notice of Intention to Instruct at Home

Parents/guardians must annually provide written notice to the Superintendent of their intention to instruct their child at home by July 1 of each school year.

If parents/guardians choose to provide home instruction or establish residence in the Rockville Centre Union Free School District after the start of the school year, they must provide written notice to the Superintendent within fourteen (14) days following the commencement of home instruction.

Individualized Home Instruction Plan (IHIP)

The Superintendent or his/her designee will provide parents/guardians a copy of Section 100.10 of the Commissioner's Regulations addressing home instruction and a form on which to submit an individualized home instruction plan for each child of compulsory attendance age who is to be taught at home. School authorities will provide assistance, if requested, to parents/guardians in preparation of the individualized home instruction plan.

Provision of Services to Home-schooled Students

Home-schooled students are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents, the school or the District.

a) Extracurricular Participation

Students schooled at home are not eligible to participate in interscholastic sports. Commissioner's Regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic sports. Further, the District *does not permit* home-schooled students to participate in any extracurricular clubs.

b) Textbooks and Materials

The District *shall not* provide textbooks and other materials to home-schooled students. Parents/guardians shall be responsible for the purchase and payment of all instructional materials used for home instruction, as the Rockville Centre Union Free School District is under no obligation to supply such materials. The District will, however, provide commercially published tests at no cost to the parents/guardians, if so requested, but only if the District uses and is in possession of said tests. If the parent/guardian chooses to use a test that has not been ordered for use in the public schools of the District, the District, upon request of the parent/guardian, will order the test. The parent/guardian will, however, be responsible for the cost of procuring it.

c) Health Services

The School District does not provide health services to home-schooled students.

d) Remedial Programs

The District does *not provide* remedial programs to home-schooled students.

e) Career and Technical/Gifted Education

The District is *not authorized* to provide Occupational and Vocational Education programs (career and technical education) nor programs for the Gifted to home-schooled students.

f) Special Education Services

Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a non-public school, which enables them to receive special education services.

Instruction

SUBJECT: HOME-SCHOOLING (Cont'd.)

The Committee on Special Education (CSE) will develop an Individualized Education Services Program (IESP) for the student. The IESP shall be developed in the same manner and with the same content as an IEP. The Board of Education will determine a location where special education services are to be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

g) Use of School Facilities

Students schooled at home shall not be allowed to use school facilities, except as provided for community organizations in Policy #3280 – Community Use of School Facilities.

Administrative Review

The Superintendent or his/her designee shall review completed IHIP forms and either notify parents/guardians that the IHIP is in compliance or provide written notice of any deficiency in the IHIP. If the individualized home instruction plan is determined not to be in compliance, parents/guardians must submit a revised IHIP which corrects any deficiencies.

The Superintendent reviews the revised IHIP and renders a decision, indicating in a written notice to the parents/guardians the reasons for such a determination. Such notice shall also contain the date of the next regularly scheduled meeting of the Board of Education that will be held at least ten (10) days after the mailing date of the notice, and shall inform parents/guardians of their right to present to the Board of Education proof of compliance. The Board of Education shall make a final determination of compliance or noncompliance.

Parents/guardians have the right to appeal the Board of Education's determination of noncompliance to the Commissioner of Education within thirty (30) days after receipt of such determination.

Upon completion of the administrative review, if the result is a finding of non-compliance, parents/guardians must immediately enroll their children in the public school system or provide written notice to the Superintendent of the arrangements made to provide the required instruction for each child.

Instruction

SUBJECT: HOME-SCHOOLING (Cont'd.)

The administrative review is completed when one of the following events has occurred:

- 1) The parents/guardians have failed to contest a determination of noncompliance by appealing to the Board of Education; or
- 2) The parents/guardians have failed to appeal the final Rockville Centre Union Free School District determination of noncompliance to the Commissioner of Education; or
- 3) The parents/guardians have received a decision of the Commissioner of Education which upholds the final District determination of noncompliance.

Content of Individualized Home Instruction Plan

An individualized home instruction plan for each child shall contain:

- 1) The child's name, age and grade level;
- 2) A list of the syllabi, curriculum materials, textbooks, or plan of instruction to be used in each of the required subjects;
- 3) The dates for submission to the District of the parents'/guardians' quarterly reports. These reports shall be spaced in even and logical periods;
- 4) The names of the individuals providing instruction.
- 5) A statement that the child will be meeting the compulsory educational requirements of Education Law Section 3205 through full-time study at a degree-granting institution, meaning enrollment for at least twelve (12) semester hours in a semester or its equivalent, if that is the case. In this situation, the IHIP shall identify the degree-granting institution and the subjects to be covered by that study.

The test shall be administered in accordance with one of the following options, to be selected by the parents/guardians:

- 1) At the public school, by its professional staff; or
- 2) At a registered nonpublic school, by its professional staff, provided that the consent of the chief school officer of the nonpublic school is obtained; or

The test shall be scored by the persons administering the test or by other persons who are mutually agreeable to the parents/guardians and the Superintendent of Schools.

The test, if it is one that has been ordered for use in the District, shall be provided at no cost by the School District upon request by the parent/guardian, provided that the cost of any testing facilities, transportation, and/or personnel for testing conducted at a location other than the public school shall be borne by the parent/guardian.

If a score on a test is determined to be inadequate, the program shall be placed on probation.

Alternative Evaluation Methods

An alternative form of evaluation may be chosen by the parent/guardian only as follows:

- 1) For grades 1 through 3, a written narrative prepared by a qualified person;

In the event that such child has failed to make adequate progress, the home instruction program shall be placed on probation. The certified teacher, peer review panel, or other person shall be chosen by the parent/guardian with the consent of the Superintendent. Any resulting cost shall be borne by the parent/guardian.

If a dispute arises between the parents/guardians and the Superintendent of Schools, including disputes over the administration of the commercially published norm-referenced achievement test or the use of alternative evaluation methods, the parents/guardians may appeal to the Board of Education. If the parents/guardians disagree with the determination of the Board of Education, the parents/guardians may appeal to the Commissioner of Education within thirty (30) days of receipt of the Board's final determination.

Probation

If a child's annual assessment fails to comply with the requirements, the home instruction program shall be placed on probation for a period of up to two (2) school years. The parent/guardian shall be required to submit a plan of remediation which addresses the deficiencies in the child's achievement, and seeks to remedy said deficiencies. The plan shall be reviewed by the Rockville Centre School District which may require the parents/guardians to make changes in the plan prior to acceptance.

Instruction

SUBJECT: HOME-SCHOOLING (Cont'd.)

If after the end of any semester of the probationary period the child progresses to the level specified in the remediation plan, then the home instruction program shall be removed from probation. If the child does not attain at least seventy-five percent (75%) of the objectives specified in the remediation plan at the end of any given semester within the period of probation, or if after two years on probation one hundred percent (100%) of the objectives of the remediation plan have not been satisfied, the Superintendent shall provide the parents/guardians with notice and the Board of Education shall review the determination of noncompliance, except that consent of the parents/guardians to such review shall not be required.

If during the period of probation the Superintendent has reasonable grounds to believe that the program of home instruction is in substantial noncompliance with these regulations, the Superintendent may require one or more home visits. Such home visit(s) shall be made only after three (3) days written notice. The purpose of such visit(s) shall be to ascertain areas of noncompliance with these regulations and to determine methods of remediating any such deficiencies. The home visit(s) shall be conducted by the Superintendent or by the Superintendent's designee. The Superintendent may include members of a home instruction peer review panel in the home visit team.
